Britain, Relieved of Anxiety,  
Watches Dardanelles Struggle.

Austria Said to Have Made  
New Offer to Italy.

(By Times Special Cable.)  
London, April 28.—England is breathing freely again to-day, the general belief that the German offensive near Ypres has been stopped, and the country is finding time to turn its attention to the Dardanelles, where an allied army has landed on both sides of the straits.

Paris reports that the French section landed on the Asiatic shore, and is making steady progress, despite the stubborn resistance of the Turkish defenders. These forces are entrenched and supported by artillery, and it is expected that they will prove a serious obstacle to an advance by land against the forts.

The British section has successfully made a base on the shore of the European side of the straits. Turkey admits that these landings have been made, but at the same time she declares that the allies have been unable to make any progress toward the interior.

The latest French official announcement declares that the allies are making continuous progress between Ypres and Dixmude, where the capture of prisoners, machine guns, and war supplies is claimed. Following the reported failure of the German attack at Les Eparges, the French have apparently resumed the offensive in that region.

(By Times Special Cable.)  
London, April 28.—The work which has been carried out for several weeks in an attempt to raise the submarine P-4 from the bottom of the ocean, has practically all been undone by the rough weather of the last few days. Only one cable is left hanging to the bulk, it was learned today.

WANT A JITNEY

Mountain People Will Petition  
One of Companies.

A suggestion which seems to be very popular with the residents of the mountain town, is that the jitneys should run to the incline at the head of Wentworth and James streets. It is thought that the "jitney" would save them the trouble of walking to the incline to King and James streets for some minutes. Between the hours of 7:30 and 8:30 it is thought that two hundred persons from this incline to the city. It is thought that the Jitney Association will be petitioned to start this new route.

Trouble Makers at Drill Hall  
Given Their Discharge.

Orders were received in Hamilton this morning by Captain G. B. Greenway, of the Nineteenth Field Ambulance, Army Medical Corps, that the thirty men of his unit, and officers, he will proceed on Monday next to Niagara-on-the-Lake, to go under canvas for the summer, and to meet at the Niagara mobilization a fifty-bed hospital. Captain Greenway immediately got into communication with his officers and left later for Toronto, to attend to the arrangements for the transportation of his men. The privates of the Nineteenth will make up the strength of the thirty men not being posted, but by to-morrow night it will be known just who are going. There are about sixty members to the Nineteenth Field Ambulance, consequently of that unit are now being taken now, and the remainder may follow in a few weeks.

## MORE OFFICERS FIGHT

Six Killed, 24 Wounded or Missing in This List.

Ontario Men Figure Largely in Latest Report.

Ottawa, April 27.—A further list of 30 Canadian officers killed and wounded reached the Department of Militia to-day. There are five new names of officers killed in action, one officer reported killed who was previously reported as wounded, and one officer previously reported as killed is now reported alive and well. Two officers are reported as wounded and missing and 22 as wounded.

Ontario men figure largely in these latest additions to the roll of honor. Major G. W. Bennett, of Peterboro; Capt. Walter Lockhart-Gordon, of Toronto; Lieut. H. K. Kist, of Toronto; Lieut. C. W. Day, of Kingston, and Lieut. W. Dumas, being among the killed.

There is little definite news in the possession of the department as to the names of Canadians in the hands of the Germans. The Minister of Militia has information pointing to the fact that there are 32 Canadians, but considerable doubt exists as to the possible extent of this list. The casualty list to-day brings the total of officers to 130 or thereabouts, and it is possible that more officers will die during the next few days. The 2nd, 4th, 5th and 8th Battalions were the chief sufferers in the list to-day.

To-day brought to the department more news of the war in the west, following the battle of last week. It brought also more congratulatory messages, including one to the Minister of Militia from Judge Barron, an old-time political opponent.

## G. T. R. CAMPAIGN

Expects to Bring Great Numbers of Tourists to Canada.

The Grand Trunk System, by giving the widest possible circulation to the illustrated folders descriptive of the beauties of Canada, and by its general advertising campaign, expects to bring to the United States tourists who ordinarily seek vacation pleasures in Europe.

The most charming summer resort in the world is to be promoted by the railway for these Canadian beauty spots. Another illustration of the Grand Trunk System's campaign is a handsome illustrated folder, "The Beauty of Canada," which is being distributed to the United States.

It deals with practically all the Dominion's most beautiful spots as to game and fishing laws, climate, and other features of interest to the Canadian tourist.

The folder is being distributed to the United States by the Grand Trunk System, and it is expected to bring to the United States a large number of tourists.

## LIGHT BRICK

Will be Used in Construction of Hospital.

The Hospital Board has been looking toward a light colored brick for the new hospital. This was brought out by a delegation of the board of the city and after going into the matter thoroughly decided to use the light colored brick.

The board would like to give the order to some Hamilton manufacturer to help conditions in the city, but it is pointed out that the hospital was not being built for a short time, but for all time. This resolution will be handed to the board of the city, and it is expected that the board will be asked that three dumb waiters be installed in the old hospital. These

## GERMAN VIEW

Of Non-Moral State, Must Alter, Says Bryce.

(By Times Special Cable.) London, April 28.—Viscount Bryce, speaking at a lecture on "German Theories of State," said to Englishmen and to Americans the state was the nation under another name, and the state of the people who formed the nation. To the Germans the state was a mystical being, much wiser and much more powerful than the people, and with the stupor of a giant, being entirely exempt from moral considerations and moral action. He could not help feeling that the Germans never have peace until the Germans could be induced to abandon their theory of an omnipotent, non-moral state. He hoped that after the fallacies, dangers and misconceptions which the experience of the past few months had shown to be due to the

conceptions which the Germans formed of their non-moral state, that would see that no state would flout the dictates of morality and humanity with the challenge to moral sentiment of the world.
